RATES

Slot Machine Handling \$.74 per pound

IMPORTANT SHIPPING INFORMATION

General Information

- Rates above apply to slot machines with proper lifting bars, points, hooks, or machines that are skidded or crated which may be moved on or off the loading dock, vehicle or show floor by a forklift with NO special handling required. Forklift lifting points must be clearly marked. This does not apply to display materials.
- If it is necessary to unskid the slot machine before removing it from the container, labor and equipment charges will be added to the stated rates. **Please refer to the "Forklift & Rigging Labor Order Form".**
- Certified weight tickets are required. Separate weight for display materials and slot machines are required. If the weight is not separated and/or materials are not identified properly, the Material Handling rate will prevail.
- Freeman retains the right to determine whether or not the materials qualify for the slot machine rate.
- Slot machines will be spotted with a 6" tolerance one time after removal from the truck, provided the following conditions are met:
 1. The exhibitor, or his representative, must be present to supervise the spotting.
 2. The area within the booth is clearly marked to indicate the slot machine's position.
 3. No rigging, bolting or unbolting, un-skidding or attaching to other equipment must be performed.
 4. Vehicles must be checked in no later than 2:00 pm to be unloaded by 5:00 pm. Vehicles checking in after 2:00 pm cannot be guaranteed unloading prior to 5:00 pm.
